CONCRETE MEDIAN BARRIER WITH LIGHT STANDARDS

NOTES:

1. The contractor shall provide, at no cost to the Department, all materials, labor, and incidental costs from the point of the surface of the roadway, unless otherwise specified on the plan sheet.

2. The contractor shall install an appropriately sized mouse through all conduits with a pull string attached to verify that all conduits are intact. The contractor shall install a test plug at each conduit penetration to the concrete barrier, to prevent water infiltration.

3. At the conclusion of the project, the Department reserves the right to inspect all work done. Any work not to the satisfaction of the engineer shall be repaired at the contractor's expense, at no cost to the Department.

4. All material, labor, and incidental costs, with the exception of the 3" raceway, shall be the responsibility of the contractor. All materials, labor, and incidental costs shall be the responsibility of the contractor.

5. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

6. The contractor shall use a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

7. The contractor shall install a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

8. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

9. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

10. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

11. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

12. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

13. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

14. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

15. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

16. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

17. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

18. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

19. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

20. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

21. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

22. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

23. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

24. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

25. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

26. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

27. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

28. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

29. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

30. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

31. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

32. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

33. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

34. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

35. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

36. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

37. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

38. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

39. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

40. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

41. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

42. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

43. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

44. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

45. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.

46. The contractor shall provide a test/pipe plug for all conduits that are not in use or are spares. All conduits shall have pipe/test plugs installed at the contractor's expense.
